PROJECTS

- ❖ **Online Exam Application :** During my diploma in computer engineering, we developed an Online Exam Application designed to ensure secure and reliable assessment processes. This project incorporated advanced security measures such as timed access, webcam monitoring, and encrypted data transmission to maintain the integrity of examinations. The application allowed seamless administration of exams remotely, facilitating efficient evaluation and enhancing the overall examination experience for users.

- **Key Features:**
    - ➢ Secure Access Controls
    - ➢ Webcam Monitoring
    - ➢ Encrypted Data Transmission
